Angela,

I understand that your focus for tomorrow's briefing is to have Silvia update Stacey on the "options" to address toxicity concerns for Outfall 004 which came out of our call with LDEQ staff on March 7, 2017.

Here are few things that occurred while Stacey was away in 6EN ...in case she wants an update.

(6/14/16 Bill & Stacey met with Elliott & Scott @ LDEQ. Discussed resolution of LOOP within ~60-90 days.)

9/26/16 Stacey sent the (b) (5) to Scott & suggested an internal call before having a call with LOOP.

10/17/16 Stacey to 6EN

Nov-Dec (no response from LDEQ??)

1/17/17 Honker traveled to LDEQ & heard from Scott that we are (b) (5)

(Rich returned call to Scott. Scott was unclear (b) (5))

(b) (5)

Rich & Scott agreed that EPA & LDEQ management would have a call to discuss next steps.)

To prepare for this upcoming call.....

2/1/17 Mini-Briefing with Honker

2/10-13/17 Acting Brad left. Acting Angela started.

2/22/17 Informal briefing at Section Chief level (Angela & Brent)

3/3/17 Briefing for Acting Assoc. Dir. (Rich)

3/7/17 Informal staff-to-staff call between EPA & LDEQ
